Google Cloud Platform: Transfer Services

Google Cloud Platform : Cloud Training

- **Transfer Services** : Complete large-scale online data transfers from online and on-premises sources to Cloud Storage.
- Transfer Service Cloud and Transfer Service on-premises are highly performant pathways to Cloud Storage—both with the scalability and speed you need to simplify the data transfer process.
- Transfer Service for cloud data - Set up a recurring transfer schedule. Transfer data within Cloud Storage from one bucket to another.
- Transfer Service for on-premises data - Transfers from on-premises sources to Cloud Storage. Scale to available bandwidth and deliver seamless transfers in minutes.

Google Cloud Platform : Cloud Training

- **Use Cases of Transfer Services :**
 - Data Center Migration
 - BackUp & Archival
 - Analytics & Machine Learning
 - Content Storage & Delivery

Will see you in Next Lecture...

Thank you!

A close-up photograph of a hand holding a black marker, completing the cursive word 'Thank you!' on a white surface. The hand is positioned on the right side of the frame, with the index and thumb fingers visible, holding the marker. The marker's tip is just finishing the exclamation mark. The background is a plain, light-colored surface.
